1. Applicant's petition under 37 CFR 1.181 filed November 24, 2004 has been considered 37 CFR 1.181 9 (c) states "it may be required that there have been a proper request for reconsideration (1.111) and a repeated action by the examiner" before the filing of a petition under 37 CFR 1.181.

Therefore, the petition will be considered as request for reconsideration.

2. Newly submitted claims 7-22 is still considered to be directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The originally claimed invention of claims 1-6 pertained to bellows and a connection between vehicles properly classified in class 296. The limitations in new claims 7-22 read solely on a bellows and do not recite vehicles or connections there between. For example, the newly recited claims read on bellows for cameras, accordion or other similar items. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 7-

22 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Therefore, the reply filed on 10/27/04 continues to be not fully responsive to the prior Office Action because the application does not contain claims drawn to the original claimed invention. See 37 CFR 1.111.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).** Applicant is reminded that the filing of a petition under 37 CFR 1.181 does not stay the period for response set forth in the last Office Action.
